A Youth Organization of Dragalevtsi could be the initiator of an event aiming to make their village known all around Bulgaria and abroad!

The main events will be cross country races for different age groups and with different itineraries

Children will have their own “race in the forest”

The existing trails and infrastructure can be used, in order to keep the organizational costs low

A market for local products could be included in the events, in order to support local producers

The proposed itineraries could include landmarks  
of cultural heritage

Organized walks could lead the visitors to beautiful viewpoints of Sofia

A visit to the Visitor Center of the Park could also be included in the walks or events of the festival

Sponsors will support the creation of t-shirts, which will be offered to volunteers and given to participants of the race for a small fee.

An open e-platform should be created to discuss ideas or objections to the festival.

Ideas? Objections?

The input of all the stakeholders (Municipality, inhabitants, the Nature Park experts etc) should be taken in consideration.

A hash tag will be created for publicity purposes  
facebook page, twitter etc
